

SANTA ROSA QUILT GUILD
BLOCK OF THE MONTH FOR AUGUST

Due second meeting in September

1. Please follow the attached diagram.
2. Start at the bottom of the house and work your way up (just like a builder).
3. Sew G and H together then J and K. Sew these two sections to the door I.
4. Join D, E and F like the diagram shows. Sew this strip to the top of the bottom section.
5. For the roof join the roof parts A, B and C. Stagger seams one inch from the right side as the diagram shows.
6. For the sky cut a 9 ¼ inch square on the diagonal. Add one half of sky section to the left side of your house first and then the right side. Trim to a 12 ½ inch square. Remember this roof line is meant to be asymmetrical like the diagram shows. Attach the chimney either by fusing or appliqué. If fusing remember to top stitch.
7. Suggestion to make this less scrappy. Cut G and H as a single piece and the same for J and K and A, B and C.
