

Bunny Rabbits” for Sandi McConnell

Introduced January 2013

Sandi is a friend of all animals and she fell in love with the rabbit blocks that Valeska received.

She would love to have rabbit blocks - 9" finished size (9-1/2" unfinished).

Any design, any technique! Embroider, applique, piece, paint, ?????

Pre-washing fabric is not necessary.

The background fabric should be cream color, but the rest of the block is up to you!

You may piece or applique, and embellish as you see fit.

Your subject may be as “real” as Bugs Bunny or Peter Rabbit, or straight from your imagination.

Don't forget, we'd like to have the block submitted in a timely fashion.
