

## Sewing Room Theme

For my friendship quilt, I would like a sewing room theme...anything to do with quilting like sewing baskets, thimbles, thread spools, scissors, cutting mat and rotary cutter, sewing machine, fabric stashes and anything else that comes to mind.

I would like the blocks all different sizes. White background fabric is provided in 12 by 12 inch blocks. Please feel free to leave plenty of space because I might add lettering around each design or make it big and I'll add lettering to sashing. I want it to be random and colorful. Any technique is fine (paper pieced, hand applique, machine applique, embroidery). Any and all embellishments are welcome (buttons, rickrack, beads, etc.)

Please add your name to the seam allowance. I'm not sure how I will add the names. I am so excited to see what you will come up with after seeing the other amazing and creative friendship quilts.

Thanks to Sharon Fry for contributing starter points and thanks so much to everyone who participates. I know it will be wonderful.

Debbie Cole
