

Mad Hatter Tea Party
Requested by Toni Anderson
Due September 7, 2018

It would be so fun to have a colorful, magical, Mad Hatter/Alice in Wonderland quilt to be surrounded with. I would love to have blocks to work from that are made by the members.

This example serves as an inspiration for the feel of the desired blocks (fun and playful).

Colors should be bright and cheerful for the design. Use **black** and **white** fabric for the background.

- Please make the squares 12" square. I will trim the block to a finished size of 9" square, so consider that in your design and don't make the designs go to the edges.
- I would love you to sign the block on the front but work the signature in the design rather than signing on the edges.
- No need to pre-wash.
- Any method or embellishment is welcome except glitter.
- Use any colors for the design and black and white for the background. I have oodles of black and white fat quarters that have been generously donated to my stash. (no need to purchase background fabric.) Let Janice Juul know if you would like black and white background fabric.

Get wild, this quilt project will be a fun one!

Thank you in advance for you time,
Signed, the QUEEN OF HEARTs and Toni Anderson

NOTE: Please contact Janice Juul if you want to adopt this block.
