

February's Block of the Month
2009

Due Date : March 19th

The dimensions listed are for fusing; if you wish to turn under the seams, please add ¼ " seam allowance all around.

1 - 12.5 inch square foundation piece.

1 - 5 x 10.5 inch rectangle (house body)

1 - 12.5 x 2 inch rectangle (ground)

1 - 2 x 2 inch square (chimney)

2 - 2 x 2.25 inch rectangles (windows)

1 - 2 x 3.5 inch (door)

1 - 1.5 x 2 inch half circle (window above door) (see picture), or trace template provided on page.

1 - 10.5 x 3.5 x 5 trapezoid (roof) see dimensions below or trace template provided on page.

This easy-to-assemble (with fusible webbing) block takes longer to cut out than put together! Hand or machine appliqué to your heart's delight!

Embellish as desired.
