

SRQG Workshop – Friday, November 20, 9 am – 3:30 pm (set up is at 8:30 for a prompt start)
Luther Burbank Art and Garden Center, 2050 Yulupa, Santa Rosa (use parking lot door)

Printing Fabric Workshop

There will be a \$9.00 materials fee for the paint, which is provided. I will also have a few goodies for you. Please pay instructor directly (note from Phyllis: exact change is helpful)

MATERIALS LIST:

- Design Sources- - your favorite book or collection of photos for design ideas. A **good plan** is to pick a theme so you can create designs around it.
- Fabric - 8 fat quarters prewashed of white or light solid colors or batiks or small prints. You may find you want more, so bring some extra.
- Clear or white plastic - drop cloth weight and large enough to fit under your fat quarter.
- Cotton Batting** - large enough to fit under your plastic, these two together make a simple printing surface
- Scrap paper and tracing paper- to work out your designs
- Sponges - another means of applying paint - can bring different sizes & types.
- Paper Towels - for clean-up, can use a rag instead
- Palette and palette knife - to mix colors, clean TV dinner trays and a dinner knife work too
- Pencil - soft No. 2
- Stencil brushes - both a small and a fat sized one are good to have.
- Xacto knife and cutting mat- a small Olfa mat or a piece of cardboard
- Vegetables & knife - cabbage, celery, squash, fruits or any others you want to try.
- Rubber stamps - ones with simple shapes and deep impressions
- Objects with interesting designs in relief like baby blocks
- Found objects - look around you for things, which may print well. From your sewing studio you can bring: empty spools, beeswax holder, presser feet, buttons, thimble, bobbins, etc.
- Scissors
- Masking Tape
- Water Jar - plastic preferred for safety
- Plastic to cover your table -you can plan to wash the table as paint cleans up easily
- Plastic or rubber gloves - if you do not want paint on your hands.

Needed – but I have some to share:

Flat 1" wide paintbrush

Speedball Linoleum Block cutting tools

Brayer

Leaves - Japanese maple is especially pretty, or any interesting shape

Pentel fabric crayons

Saran Wrap – Original if you can find it
