Mystery Quilt 2014

June 5th 2014

Part 3

Instructions for sub-cutting strips

Take the remaining 2 2 ½ inch light strips and cut them
into 2 ½ inch squares to make a total of 32 squares.
Draw a diagonal line on the wrong side of each
Square as shown.

Take the 2 4 ½ inch light strips and crosscut into 32 rectangles 2 ½ x 4 ½
inches.

Take each of the 4 ½ inch medium and dark strips and crosscut them into 16
rectangles 2 ½ x 4 ½ inches.

Using the 5 strip sets with the dark
outside and light inside, crosscut into
segments 8 ½ inches wide as shown.
You should get 5 units out of each strip
set.

Using the strip set with the light outside
and dark inside, crosscut into 2 inch wide
segments as shown. You will need a
total of 14 of these units.

Using the strip set with the dark outside
and medium inside, crosscut into 2 inch
wide segments as shown. You will need a
total of 7 of these units.

You are now ready to begin the class!
See you on June 5th with your sewing machine and supplies.
